Knit In Walk Up Workshop

Friday, September 22nd, 7:00 to 8:00 p.m.

Sponsored by the Block Studio Project

Our September WUW will be a Knit In! It will be held at the 'knitting' Block Studio, just south of 17th Ave. NE on Monroe St. NE. Come on by for some kid friendly needlepoint projects and to exchange knitting skills, patterns, or know how with fellow community members. All skill levels welcome! We will have snacks on hand as well. If you have knitting, needlepoint, crochet, or other textile arts resources you'd like to donate, please bring them along. The Block Studio Project is a network of arts and crafts donation boxes - or 'studios'. When you find one, feel free to take or leave appropriate materials, tools, patterns, or half finished projects. Or take a spare 15 minutes to create something, finish something, or add to the studio's design.

More info at www.facebook.com/blockstudioproject, or email Mathew at blockstudioproject@gmail.com with questions.

Don't wait until the cold hits to work on those winter projects! If you are ready to update your heating system, add more insulation, or replace your water heater, the Lending Center at the Center for Energy and Environment can help make your home improvement projects a reality.

Logan Park has partnered with the Lending Center to provide low-interest financing for your home improvement projects. Through this partnership residents, have access to financing as low as 4% (APR 4.01%)*. And with flexible terms, monthly payments will be affordable. Most interior and exterior home improvement projects are eligible, including energy upgrades, remodeling, windows and doors, roofing, and more.
