Grant Awarded

LPNA was awarded Mississippi Water Management Organization, MWMO, planning grant for 10,000 dollars to assist Rivereast Development, RED, with a storm water management pilot project at their business complex. The planning grant will be used to assess the rain leader situation at 1828 Jefferson St NE building and provide a design to rectify the storm water problem. The aim of the grant is to radically change the way waste water is managed on the site by creating a water catchment system for irrigation. Native plants will be reintroduced at the site. Thus, the rain water will be kept out of the storm sewer and potable water will not be used for yard watering. Ironically, this building was built by the City of Minneapolis in 1924 and served as a water pumping station for Northeast Minneapolis. RED has a long history of championing prairie preservation. Bill Carlson's cinematography on the documentary "America's Lost Landscape: The Tallgrass Prairie" won national awards and was featured on PBS. Bill Carlson and Denise Gardner are co-owners of RED.

2nd Precinct OPEN House

On Monday May 13, 2013 the annual police open house will be held at the 2nd Precinct 1911 Central Ave NE from 4:00 PM to 7:00 PM. Citizens are invited to see the following units: K-9, Mounted Patrol, the Bomb Unit, Minneapolis Emergency Communications, SWAT, Crime Prevention Specialists and Animal Control. Police officers and other City employees will be on hand to demonstrate how their units operate and answer questions. Food and beverages will be provided for all.

Logan Labyrinth Contest

Call for artists to submit a labyrinth design for a small vacant city lot in Logan Park Neighborhood.

A \$100.00 stipend will be paid to the artist whose design is chosen. Artwork is due by April 30, 2013. The design will be implemented via a chalk outline over grass prior to Art-A-Whirl weekend. Volunteers working on the neighborhood CleanSweep will prepare the lot for the labyrinth on May 4, 2013. The execution of the design will occur soon thereafter by neighborhood volunteers who love art and peace. A ceremony, opening the labyrinth for public use, will occur May 17, 2013.
