**PERSONAL SAFETY WORKSHOP
AND VOLUNTEER OPPORTUNITY**

The 2nd Precinct and the 2nd Precinct Advisory
Council are sponsoring a Personal Safety workshop
on **Monday, October 15th, from 6pm to 7:30, at
Budo Martial Arts at 1101 Stinson Blvd.**

At this class, you will learn how distance
awareness, body language, eye contact and tone
of voice can play a role in preventing a physical
assault. Simple physical self-defense techniques
are also presented. This workshop is **free**, paid for
by the 2nd Precinct Advisory Council, with space
donated by Budo Martial Arts. This may be the only
Personal Safety Workshop in 2nd Pct this year. These
classes have been very popular. Save your place by
contacting Sean at Courtwatch2PAC@gmail.com
or calling 612-781-2299.

Personal Safety Workshop will be taught by Mary
Brandl. Mary Brandl has worked with crime victim
services on both a local and national level and is
therefore aware of and sensitive to victim/survivor
issues. Mary has a number of distinctions and honors
in her field. She is also a 4th Degree Black Belt
in Japanese Shotokan Karate under the American
Amateur Karate Federation.

Logan Park currently is unrepresented on the 2nd

Precinct Advisory Council. If you are interested in
being a representative for Logan Park Neighborhood
please let Nancy Przymus or Paula Allan know by
contacting us at loganparkna@aol.com. It would be
a great service to our community that would keep us
all better informed about criminal activity and police
response to problem properties and crime. It would
require an estimated 5 hours of volunteer time per
month to attend meetings and to provide feedback to
the neighborhood.

Minnesota Constitutional Amendment Language

There are proposed changes to two sections of Minnesota’s
Constitution as provided by the Minnesota Secretary of State’s
official website.
The language of the proposed amendments appears below.
The underlined language is the new language proposed to be
amended into the Constitution:
Section 1. CONSTITUTIONAL AMENDMENT PROPOSED.
Marriage Amendment
An amendment to the Minnesota Constitution is proposed to the
people. If the amendment is adopted, a section shall be added to
article XIII, to read:
Sec. 13. Only a union of one man and one woman shall be valid
or recognized as a marriage in Minnesota.
Section 1. CONSTITUTIONAL AMENDMENT PROPOSED.
Voter ID Amendment
An amendment to the Minnesota Constitution is proposed to the
people. If the amendment is adopted, article VII, section 1, will
read:
Section 1. (a) Every person 18 years of age or more who has
been a citizen of the United States for three months and who has
resided in the precinct for 30 days next preceding an election
shall be entitled to vote in that precinct. The place of voting
by one otherwise qualified who has changed his residence

within 30 days preceding the election shall be prescribed by
law. The following persons shall not be entitled or permitted
to vote at any election in this state: A person not meeting
the above requirements; a person who has been convicted
of treason or felony, unless restored to civil rights; a person
under guardianship, or a person who is insane or not mentally
competent.
(b) All voters voting in person must present valid government-
issued photographic identification before receiving a ballot.
The state must issue photographic identification at no charge
to an eligible voter who does not have a form of identification
meeting the requirements of this section. A voter unable to
present government-issued photographic identification must be
permitted to submit a provisional ballot. A provisional ballot
must only be counted if the voter certifies the provisional ballot
in the manner provided by law.
(c) All voters, including those not voting in person, must be
subject to substantially equivalent identity and eligibility
verification prior to a ballot being cast or counted.
Where to Vote:
All of Logan Park is located in Precinct 8 Ward 1. The place to
vote is the Holland High Rise at 1717 Washington St. NE. Polls
are open from 7 AM until 8 PM on November 6th 2012.

— VOTE NOVEMBER 6th —
If you need to register, you can still register on election day, or if you have questions the City of Minneapolis’ Elections and Voter
Registration website has some great information about important dates, absentee ballot information, polling place look up and other
election related information:<http://www.minneapolismn.gov/elections/index.htm>

LOGAN PARK PRODUCE AND SEED SWAP

Our first annual Produce and Seed Swap occurred Saturday morning, September 22 at Logan Park. Among many of the seeds exchanged were heirloom seeds for purple carrots, Russian kale, grape hyacinth bean vines and Asian long beans. Neighbors showed up with French grey shallot bulbs, Swiss chard, Chocolate cherry tomatoes, trombone squash, parsley and endive among other things. There was an assortment of dried herbs, plenty of tomato seeds and indoor plants to share along with lots of conversation with other neighborhood gardeners. Our own state senator Kari Dziedzic came to visit and walked out with one of the plants.

Neighbors showed up to share gardening tips and ideas and plans are already in the works for a Spring plant and seed swap next May. Stay tuned for more details.

BUSINESS BEAT INDEED BREWERY

Indeed Brewery has made a splash in Logan Park Neighborhood. Food trucks are scheduled each night the taproom is open. Thursdays and Fridays the taproom is open 3-10 PM and on Saturday the hours are 11 AM to 10:00 PM. Patrons fill up the taproom every weekend to get the great fresh beer. If you haven't wandered over to 15th and Quincy St NE you are missing a real treat. My favorite is the Day Tripper pale ale. At an, alcohol by volume, ABV, of 5.4% it is just right for my pint size. Four pounds of hops per barrel are used in this brew. This citrusy and

spicy beer has a little bitter bite. The other feature is Midnight Ryder, an American black ale. Six varieties of American grown hops are added during the 90 minute boil of this beer. At an ABV of 6.6% it is a sturdy beer. Tours are available of brewery. Check out the website for more information about brews, food truck schedules and special features.

MPCA SETTLES WITH NORTHERN METALS

On October 1, 2012 a six hour public hearing was held in front of the MPCA Citizen Board. The board voted to deny requests by the community for an EIS, Environmental Impact Statement. MPCA staff recommended settling the law suit with Northern Metals. MPCA staff also requested that the board approve the Air Emissions Permit No. 05300480. The staff report showed that Northern Metals contributes only 2% of air pollution and particulates in the footprint that includes North Metals. MPCA staff recommended Northern Metals begin crushing cars on site. The cars will be moved via barge down river through the Mississippi locks at St. Anthony Falls.

Daniel Hoff, City of Minneapolis Manager of Environmental Management and Safety, testified that the City strongly recommended an EIS be conducted. Mr. Hoff stated three reasons the City was concerned: 1) the effects on human health have not been fully evaluated, 2) environmental justice for the community has not been properly considered, 3) traffic impacts of increased barge traffic on the Mississippi. Mr. Hoff testified that 6000 people live within one mile of the Northern Metals site and the impacts on their health have not been adequately studied. Further Mr. Hoff pointed out that 22% of the traffic using the upper lock on the Mississippi this past summer was Northern Metal's barges. Once the permit is in effect the traffic is likely to double

and while the DNR is working diligently to keep Asian Carp out of the upper Mississippi this lockage traffic increase will greatly encourage the spread of the Asian Carp. If the Asian Carp get to Lake Milacs they will soon become 98% of the fish tonnage in the lake and good bye Walleye. The overarching recommendation of the City was that an EIS was needed to address all the state agencies', local governments and citizen concerns before allowing the permitting process to continue.

The MPCA Citizen Board voted 6 to 1 in favor of the MPCA staff recommendation with one absent and one abstention. It was the overall view that Northern Metals meets the EPA air quality standards and state regulations and therefore a greater review is not necessary. The full board will consider this approval at the next meeting October 23, 2012. Northern Metals for its part will not pursue any damages or legal fees from the State.

OCT 2012 - 807 BROADWAY TASK FORCE UPDATE

The next meeting for the 807 Broadway Task Force is October 18 at 7pm at Logan Park. We will review the Community Engagement Plan developed by the Minneapolis Community Planning and Economic Development and Minneapolis Public Schools. As part of this plan, Logan Park residents will have opportunities to help create and review the marketing materials for 807 and view a presentation of proposals when that time comes. This probably would occur in January 2013. The School Board states community input is important but they are the

sole decision-maker regarding the sale of the property. The Task Force will continue to monitor the process and keep
