Logan Park Priorities and Ideas Meeting Wednesday July 18th

LPNA has almost \$150,000 of funding available for programming and projects. In order to use these funds, we must follow a city outlined process to ensure robust community engagement in determining priorities.

In December 2017, LPNA sent out surveys to identify neighborhood priorities.

Priorities ranked as follows:

1. Infrastructure
2. Environment
3. Housing
4. Park Related Projects
5. Arts & Culture
6. Senior Issues

The next step in the process is to hold a community meeting to present and discuss programming and project ideas. We will open up the July meeting to present findings of the survey and hear your ideas. Ideas will be reviewed and discussed further at a fall community meeting. A committee will then identify resources needed for the programs/projects and bring to the board for approval.

Have an idea you want to implement? Come to our July meeting and tell us about it!

Popol Vuh Restaurant Opening July 2018

Hello Logan Park Neighborhood!

My name is Jami Olson and I am one of the owners and the General Manager of Popol Vuh and Centro, a new restaurant opening in your neighborhood soon. We are located on the corner of Quincy Street and 15th Ave, directly across from Indeed Brewery. You maybe have been wondering what's been going on with the building on that corner as we have been working on this project for over a year now. I apologize to keep you waiting and guessing for so long.

We are excited to announce we are very close to having our doors open for you. Popol Vuh and Centro is a dual Mexican restaurant and we are absolutely thrilled to be part of your neighborhood and community. Centro, opening the end of June, is our lively, fun, fast casual restaurant. It's definitely the energy of the two concepts. We will have a takeout window in the back and hope to offer delivery to the neighborhood in the near future. It's counter-service with a full-service bar and a dog friendly patio. We will serve up Mexican street food at a friendly price. Tacos, churros, a raw bar, margaritas on tap, and a guava mezcal slushy are just a few of the menu items we're excited to offer. We will have vinyl spinning on the record player and soccer on the televisions. Ask about our bunny mural on the wall when you stop in.

Popol Vuh is our refined concept opening the end of July. Chef/owner Jose Alarcon has come up with a menu unlike anything you've experienced before in the city. Jose is from the state of Morelos in Mexico and his fresh, authentic, wood fired cooking will be the focus of the restaurant. We will also have a wine list featuring wines from around the world and finely crafted cocktails. We are very appreciative to be in such a wonderful area and we are looking forward to meeting you all. Popol Vuh and Centro is an independently ran restaurant led by a group of talented individuals who share a passion for food and community. Being friendly neighbors and maintaining a positive presence in the neighborhood is priority to all of us at Popol Vuh and Centro.

Warmly,

Jami Olson

New wading pool and roof coming to Logan Park and Recreation Center

Construction starts this summer!

At its May 16 meeting, the The Minneapolis Park and Recreation Board (MPRB) approved the contract to replace the wading pool at Logan Park. Timing for the construction phase of this project allows the pool to be open for most of the summer: Work is scheduled to begin on Monday, July 30, and the new pool is expected to be complete in time for next summer's opening.

As previously planned, the project includes a mechanical building that will be constructed near the pool. This option was selected over replacing equipment in the current mechanical room inside the recreation center, which would have damaged a large elm tree valued by the community. In addition, the Logan Park Neighborhood Association has generously donated funds to add water features to the new pool.

The second project, replacement of the recreation center's roof, is currently in its bidding phase. Construction will begin once a contractor has been approved; on-site replacement work is expected to begin in early August, with completion projected for late October.

Stay tuned for updates as both projects proceed. And thank you for your patience while we work to improve Minneapolis parks and recreation centers.
