

Logan Park General Meeting

Wednesday February 19, 2020

7pm @ Logan Park Community Center

Agenda:

7:00

1. **Introductions**

2. **Approval of November general meeting minutes**

Motion – Pat

Second – Jeff

Approved unanimously

3. **Election of board**

Michelle Maryns

Pat moved to nominate Michelle for a two year term.

Second Jeff

Passed unanimously

4. **Small Area Plan** – Jacqueline

Reviewed small area plan

It's available online under the resources tab

Suggestion that we leave copies

5. **Storm Drain**

Lane Christianson and Michelle Spangler

www.adoptadrain.org

Adopting a drain means you agree to clean the drain. You receive a sign and are able to name the drain. 9 people have adopted a drain and 21 drains have been adopted in Logan Park. Goal to see which storm neighborhood can adopt the most drains between May and November.

There is also a drain stenciling program. You can contact

Michelle , Master Water Steward. Stenciling is also considered an educational program, including door hangings which explain what is happening.

Question: Is about sand and salt a problem?

Answer: Sand can also be a problem with sand in water. Sand can be swept back up and reused. Sand can also reduce the capacity of a drain pipe.

Two goals of the Master Water Steward Program are community outreach and activities to improve quality of waters.

Question: Do storm drain stencils need to be white?

Answer: Yes.

Question: Can you make a design or mural around the fish stencil.

Answer: Yes, but needs to be approved by the city.

6. **Temporary Relief Shelter, Becky Hanson ELIM – Monica Nelson**

Have a ministry for people experiencing homelessness. Began ambassadors' program. Started having calls about people who need shelter. Provide shelter

Richard Schultz Foundation provided three months of funding. ELIM and Strong Tower are each providing overnight shelter.

Question: What can we do for you?

Answer: Education of the neighborhood.

We welcome guests to visit.

Can use meals being served.

Setting up a volunteer site.

If ELIM intended to do this long term, they would need to apply for a conditional use permit
